

ESSENTIAL CHECKLIST

This list gives you some idea of the useful and often forgotten items you may want to bring with you when moving into your chosen Mansion Student accommodation.

Don't forget to print out this check list to help you and your family make your move go as smoothly as possible. Remember that you can often team up with flat mates on things like kettles, toasters, irons, pots and pans. Whatever happens, there's likely to be a shop selling all these things when you get there, so if you do forget something vital it shouldn't be too difficult to replace.
